

Cathy has been teaching art classes and camps out of her local studio for 17 years. She received her undergraduate degree in Ceramics at BGSU. She studied at OSU graduate school in hot glass. She has taught all ages in both college and public school settings, often by teacher request. She believes in free expression with many art media, to develop each child's own skills and styles.

Many kids have loved to return to Cathy's art camps year after year. Her "heart goes out to all children who want to be just kids." Cathy challenges kids who want and need to be challenged and guides those who want the freedom to just create and play with clay. The simple, small camp atmosphere, with trained student and adult studio assistants, allows kids to receive plenty of personal attention.

Each year Cathy introduces new clay projects, new "messy games" and different kids make each camp unique. We do have a snack time.. These small camps fill up quickly and tend to move at a fast pace.

All supplies are included.

Scholarships available, upon request.

Pre- Register by phone or e-mail.

Aug. 9th -12th (9-11:30)

TEEN ART MESS CAMP

9 - 14 yrs.

This camp offers older students plenty of time on the pottery wheels to throw, trim and learn lid making. These young teens also choose from many advanced sculptural ideas. Students also choose size and shape of canvasses to paint with acrylics (cars, animals, houses or nature scenes, bring your own photos!) Create your own messy games!

4 Days @ \$105

Lots of Art! Lots of Fun!
